Traffic & Parking Policy 2012

Traffic Management and Parking Policy

Parents/Guardians/Visitors/Staff

Your adherence to our Traffic Management and Parking Policy is necessary at all times

Please Remember to:

Drive slowly at all times. (crawl speed)

Arrive early so you are not stressed and rushing

Reverse only into parking places. This is necessary as children are below the boot line of most cars and they cannot be seen by the driver.

Hold children by the hand coming into and leaving the school.

Parents are not permitted to park on -

The roundabout

The drop off zone or

In the staff car park

We appreciate that most parents adhere to this but at present we are experiencing concerns regarding traffic management.

We are asking the Parent's Council to help us monitor this situation. Parents who repeatedly do not take into account the health and safety of children and staff will not be permitted to access the school grounds by car.

Car parking for staff is allocated on a first come first serve basis according to when staff are taken on. Teachers do not have an automatic right to a car parking space

We will monitor the situation continuously in the interest of safety for all.
